# Our Exclusive Offerings & Partnerships

**Partnering with industry leaders to deliver the best analytical and industrial products and services.**

At Telluric Holdings, we pride ourselves on offering and supplying a wide range of premium products and services. Through our exclusive partnerships with some of the world's leading scientific and chemical brands, we ensure that our clients in DRC have access to the highest quality products and cutting-edge solutions.

Our extensive product lineup includes analytical and industrial chemicals, microbiology products, laboratory kits, calibration standards, pH meters, glassware, and a variety of reagents and buffers. These products are essential for industries such as mining, pharmaceuticals, agriculture, medical, universities and colleges, petrochemicals, laboratories, food and beverage, and manufacturing.

Additionally, we provide comprehensive quality assurance services, including accredited calibration, verification, repair, and maintenance of equipment, adhering to ISO 17025:2017 standards. Our offerings also extend to the supply of advanced laboratory and mining equipment, ensuring that our clients have the tools they need to achieve their operational goals.

Through our partnerships with renowned international suppliers, such as VWR International, Inorganic Ventures, Verder Scientific, Grant Instruments, Binder GmbH, Brookfield Ametek, Düperthal, Xylem YSI, Stanhope Seta, IKA, Atago, Eltek Data Logger, Huber, and Liebherr, we bring world-class products and services to the DRC. These collaborations enable us to provide a one-stop solution for all your chemical, scientific, and laboratory needs, reinforcing our commitment to excellence and innovation.

# Comprehensive Chemical supply

At Telluric Holdings, we pride ourselves on providing an extensive range of high-quality analytical and industrial chemicals as well as microbiology products to meet the diverse needs of our clients. Our offerings include:

## Analytical Consumables

- Acids (All Type)
- Reagents (All Type)
- ICP Standards (All Type)
- AAs Standards (All Type)
- Potassium Iodide
- Potassium Peroxide
- Potassium Chloride
- Hydrogen Peroxide
- Potassium Nitrate
- Continuity Meters
- Potassium Hydroxide
- More...

## Mining Chemicals & Reagents

- Sulphuric Acid
- Sulphur
- Sodium Metabisulphite (SMBS)
- Lime (Quicklime and Limestone)
- Coagulant
- Flocculants
- Ferrous Sulphate
- Cobalt Sulphate
- Diluent for Solvent Extraction
- Guar Gum
- Magnesium Oxide
- Xanthates
- Frothers
- Collectors
- Lix (BASF)
- SIBX
- More...
